

UNITED STATES PATENT AND TRADEMARK OFFICE
CERTIFICATE OF CORRECTION

PATENT NO. : 6,888,332 B2
DATED : May 3, 2005
INVENTOR(S) : Matsushita

Page 1 of 1

It is certified that error appears in the above-identified patent and that said Letters Patent is hereby corrected as shown below:

Title page.

Item [57], **ABSTRACT**, delete in its entirety and substitute therefor:

-- A method of controlling a rotation speed of a cooling fan in a computer system including a first heat generating element in which a heat generation amount is changed and a second heat generating element, the method includes cooling the first and second heat generating elements by a fan and detecting a temperature of the first heat generating element by a first temperature sensor. Next the method of controlling a rotation speed includes detecting a temperature of the second heat generating element by a second temperature sensor. Finally, the method includes controlling the rotation speed of the cooling fan, based on the temperatures respectively detected by the first and second temperature sensors, and causing a power source to be turned off when at least the temperatures detected by the first temperature sensor exceeds a predetermined value. --

Signed and Sealed this

Twelfth Day of July, 2005

A handwritten signature in black ink, appearing to read "Jon W. Dudas". The signature is stylized with a large, looped initial "J" and a cursive "Dudas".
